

We want to use your input to inspire new murals at Cawker Park!

Community Design Workshops

Cawker Park is being renamed Al Jarreau Park in honor of the late great legendary musician born here in Milwaukee. A new fence mural and basketball court mural will be installed in July.

Amani residents are invited to participate in a listening session to share ideas for the murals. Artist Tia Richardson will use your ideas and the legacy of Jarreau's music to draw inspiration from for the design. **Do you have any ideas you believe could help your community?**

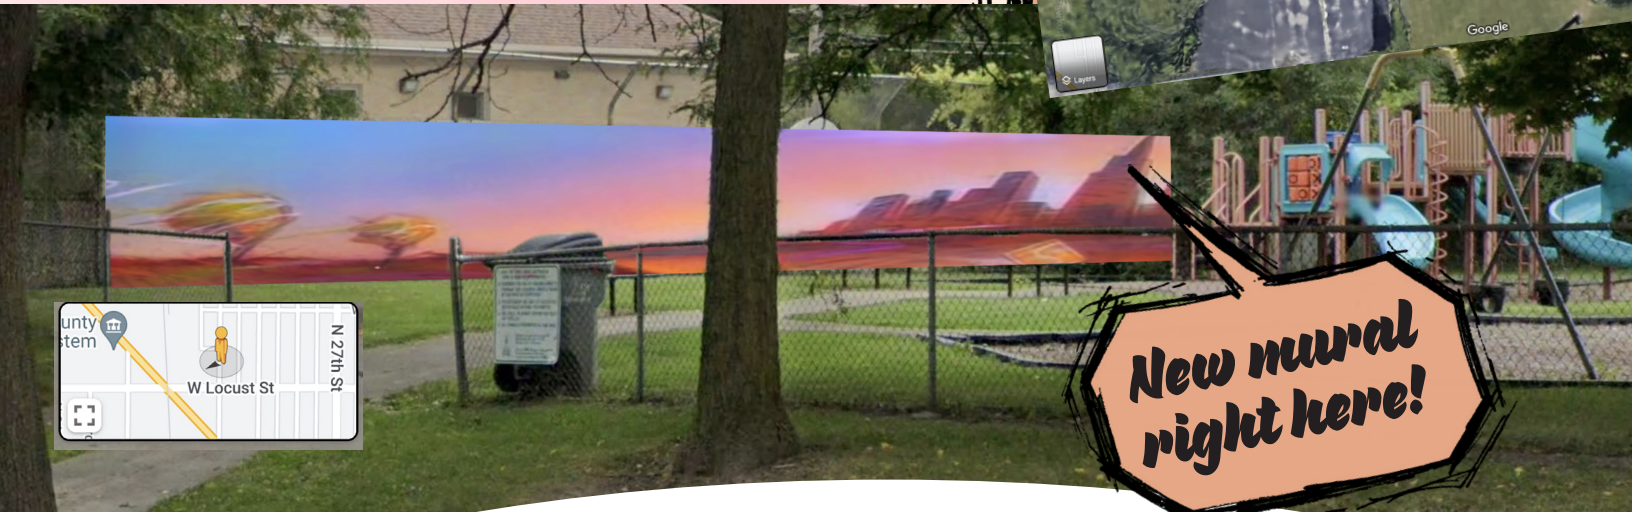

Free and open to the community.
Light snacks provided.
