FOR IMMEDIATE RELEASE

The Greater Milwaukee Foundation's Lorraine Albright Flint Fund Supports Amani Partnership

Milwaukee, WI – April 16, 2015 – A \$25,000 grant from the Greater Milwaukee Foundation's Lorraine Albright Flint Fund will enable the Dominican Center for Women, Inc. to support Building Neighborhood Capacity Program (BNCP) activities designed to engage and connect residents in the Amani neighborhood. The Greater Milwaukee Foundation is a founding partner of Milwaukee's BNCP cross-sector partnership.

The Dominican Center serves as the anchor organization for the U.S. Department of Justice and White House Initiative, Building Neighborhood Capacity Program in Milwaukee's Amani neighborhood. The core of the BNCP approach is the belief that sustainable neighborhood transformation requires the development of knowledge, skill, relationships and resources. The Dominican Center and BNCP connects Amani residents, local organizations, civic leaders, and the public and private sectors as partners. According to Sister Patricia Rogers, executive director of the Dominican Center, "We are grateful for the continued support of the Greater Milwaukee Foundation as a lead cross-partner to effect positive and sustainable change in Milwaukee's Amani neighborhood."

The Dominican Center for Women, Inc. was founded in 1995 and provides education and housing programs and serves as a platform for the development of a community organization comprised of residents who work together to solve problems affecting neighborhood education, healthy affordable housing, and safety. For additional information please contact Kathleen Callan Brady directly at kbrady1@dominican-center.org or 414-444-9930.
